POWELL INDUSTRIES, INC.

WHEREAS, the Board of Directors (the "Board") of Powell Industries, Inc. (the "Company") has resolved to maintain a standing committee designated the Compensation and Human Capital Committee (the "Committee"), and

WHEREAS, it is the intent of the Board in recognition of its responsibilities to reaffirm and ratify the Statement of Duties and Responsibilities of the Committee,

THEREFORE, BE IT RESOLVED THAT,

AUTHORITY

The Committee is granted the authority to perform each of the specific duties listed under "Specific Duties" in this Charter. In addition, the Chairman of the Board may from time-to-time direct specific assignments to the Committee.

The Committee is granted the authority to, in its sole discretion, retain or obtain the advice of a compensation consultant, legal counsel or other adviser, as it deems necessary to carry out its duties. The Committee may select, or receive advice from, a compensation consultant, legal counsel or other adviser to the Committee, other than in-house legal counsel, only after taking into consideration the following factors: (i) the provision of other services to the Company by the person that employs the compensation consultant, legal counsel or other adviser; (ii) the amount of fees received from the Company by the person that employs the compensation consultant, legal counsel or other adviser, as a percentage of the total revenue of the person that employs the compensation consultant, legal counsel or other adviser; (iii) the policies and procedures of the person that employs the compensation consultant, legal counsel or other adviser that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the compensation consultant, legal counsel or other adviser with a member of the Committee; (v) any

stock of the Company owned by the compensation consultant, legal counsel or other adviser; and (vi) any business or personal relationship of the compensation consultant, legal counsel, other adviser or the person employing the adviser with an executive officer of the Company.

RESPONSIBILITY

The Committee has the responsibility to assist the Board in fulfilling its duties for the development and administration of the Company's executive compensation program and all subcomponent plans under which officers or directors are eligible to participate.

The Committee has the responsibility for establishing and evaluating the compensation program for company executives, including base salary, annual cash incentive compensation and longer-term equity-based compensation plans. The Committee is also responsible for providing oversight for the salary administration and benefit programs available to all employees of Powell Industries, Inc. and its subsidiaries.

The Committee shall be directly responsible for the appointment, compensation and oversight of the work of any compensation consultant, legal counsel and other adviser retained by the Committee. The Committee shall notify the Board of any intent to retain consultants or other advisors, but shall have the sole authority to negotiate and approve the fees and retention terms thereof. The Company will provide for appropriate funding, as determined by the Committee, for payment of reasonable compensation to a compensation consultant, legal counsel or any other adviser retained by the Committee.

COMPOSITION

The Committee shall be composed of not less than three qualified independent Directors, each of whom shall be independent as defined in the listing rules of

The NASDAQ Stock Market. In affirmatively determining the independence of any director who will serve on the Committee, the Board will consider all factors specifically relevant to determining whether a director has a relationship to the Company which is material to that director's ability to be independent from management in connection with the duties of a compensation committee member, including, but not limited to (i) the source of compensation of such director, including any consulting, advisory or other compensatory fee paid by the Company to such director and whether the director receives compensation from any person or entity that would impair the director's ability to make independent judgments about the Company's executive compensation and (ii) whether such director is affiliated with the Company, a subsidiary of the Company or an affiliate of a subsidiary of the Company and whether such affiliate relationship places the director under the direct or indirect control of the Company or its senior management, or creates a direct relationship between the director and members of senior management, in each case of a nature that would impair the director's ability to make independent judgments about the Company's executive compensation. No person may be made a member of the Committee, or may continue as a member of the Committee during such period as, such person's service on the Committee would violate any restriction on such service imposed by any rule, regulation or standard of the Securities and Exchange Commission or any securities exchange or market on which shares of common stock of the Company are traded.

Appointment to the Committee shall be made annually at the Board meeting following the Annual Shareholders' Meeting. Appointments to the Committee and selection of the Committee Chairman shall be made by the Nominating and Governance Committee with approval by the Board and recorded in the Minutes of the Board of Directors. The Nominating and Governance Committee is responsible for filling committee vacancies which may occur during the course of the year.

Additional meetings shall be scheduled during the year, as necessary, to complete the Committee's assigned duties. Meetings may be held in person or electronically at the discretion of the Directors and the Chairman.

ATTENDANCE

A majority of the Committee will constitute a quorum. A Committee member that participates in a Committee meeting electronically shall be considered present for all purposes.
